EU-GCC CLEAN ENERGY NETWORK

PRESS RELEASE

APRIL 2012
EU-GCC Clean Energy Network
http://www.eugcc-cleanergy.net

NEW SERVICE FOR INSTITUTIONAL MEMBERS

ADVERTISE IN OUR NEW INFORMATION AREA AND REACH OUT TO STUDENTS, RESEARCHERS AND PROFESSIONALS

The EU-GCC Clean Energy Network provides a wide variety of services and offering to its Members. Networking and fostering of partnership between EU and GCC institutions are the key services that are provided.

Dear Network Member,

The Network aims to promote and highlight the prospects for EU-GCC cooperation in a whole number of fields in the area of **clean energy**, including through **business, cultural exchanges and education**, the latter being an important dimension in the growing GCC-EU relationship.

In line with this objective, the Network **is launching additional services addressing the information needs of students, researchers and professionals in relation to clean energy. Helping them expand their business network, examine career opportunities, or seek our clean energy educational programmes either in the EU or the GCC**.

The services -that will be launched- focus on the area of clean energy and refer to the **provision of information – through a website dedicated area** - on opportunities available for EU and GCC interested parties regarding:

- ✓ Scholarships
- ✓ Educational and Training Programmes
- ✓ Job Opportunities

This service will enable the **Network's institutional members** to promote to a wide audience their relevant offerings, announcements etc, through a dedicated area on the Network's website. In addition, related information/ announcements will be posted in the "Promotions" and "Jobs" sections of the EU-GCC Clean Energy Network LinkedIn account, multiplying the visibility of these postings.

In the above context, institutional members interested in sharing and disseminating relevant information through the Network, are invited to send, by email to contact@eugcc-cleanergy.net, their contributions, as follows:

Title of Related Offering *(up to 15 words)*
Short Description *(up to 100 words)*
Contact Information and / or Related Web Address *(up to 40 words)*

We believe that this service would add further value to the promotion of your organization and increase significantly its visibility.

Kindly note that this is a free offering only to the Network's Institutional Members.
